

# Word Power

## Do you remember the first book you loved?

At SVP we know how important education is and that every child is full of potential. Through WordPower we are distributing brand new children's books to the families we visit, to encourage children begin enjoying books with all the benefits that brings.

## Why not gift a book?

Why not give a book this Christmas and give a child the gift of entering new worlds and expanding their imagination! Take a look at the suggestion list for ideas on what type of books to donate. The WordPower scheme runs throughout the year in Dublin, Kildare & Wicklow to provide new books to children in the families we visit. Help us in our mission to give the gift of reading to all children.

## What next?

- Once your books are ready, please place a WordPower label (which we will supply) on the box or bag (please ensure this is clearly visible).
- Please do not write anything on the books.
- Your donation can be delivered to: SVP House.
- The last date for donations in time for Christmas is the **13th of December**.
- Don't forget, WordPower runs all year round and we continue to rely on your book donations throughout the year.
